Action items from last meeting (September 2015)

- (1) Finalize letter from co-chairs for NACP newsletter (DONE)
- (2) Ray Najjar and Debbie Huntzinger to initiate workgroup to look at NACP plans (DONE)
- (3) Solicitation for membership from Ray Najjar and Debbie Huntzinger and give to Libby Larson (DONE)
- (4) Kevin Schaefer to summarize all current activities related to cyberinfrastructure related to model development.
- (5) Hauke Kite-Powell will put together a statement of work and list of questions to be addressed on who uses C cycle science and what the implications of uncertainty and reducing uncertainty are. He will send around to group for self-nomination.
- (6) The CCIWG will go through NACP science and implementation plans to see where they were cited in RFPs
- (7) Libby Larson to ask Adrian Sutton and Ariana Sutton-Grier about PIM6 co-chairs (DONE)
- (8) Debbie Huntzinger and Ray Najjar to thank presenters. Particularly valuable for SSG to have better understanding of how IPCC works and what the decision support needs are. This is becoming more important with time. Tell them that their work is motivating and influencing our discussions. Carbon copy SSG on those emails. (DONE)
